**Talmudic academies**  
*[BM502]*  
 Here are entered works on academies and  
 assemblages of scholars in Palestine and Babylonia  
 from which the texts of the Mishnah and the  
 Jerusalem and Babylonian Talmuds developed and  
 which were the antecedents of the yeshivas. Works  
 on institutions devoted principally to talmudic and  
 rabbinic learning, including the training of rabbis,  
 founded from about the 11th century onward, are  
 entered under Yeshivas. Works on institutions that  
 were first founded in the early 19th century and are  
 intended principally for the training of rabbis in a  
 modern academic setting are entered under  
 Rabbinical seminaries.

#### —Themes, motives

- USE Television programs—Plots, themes, etc.

### —Titling

Here are entered technical works on the creation or addition of credit titles, subtitles, or other printed captions for television programs. Works on the lists appearing on screen before or after a motion picture or television program that give the names of the actors, directors, etc., are entered under Credit titles (Motion pictures, television, etc.). Works on translations of dialogue into another language that appear on the screen during motion pictures, television programs, etc. are entered under Subtitles (Motion pictures, television, etc.).

USE Transformative learning

**Transformative learning** *(May Subd Geog)**[LC1100]*

Here are entered works on a process of learning by questioning only one's own assumptions, beliefs, feelings, and perspectives in order to mature personally and intellectually or to change oneself in a meaningful way. Works on a dialectical approach to education holding that knowledge is socially produced and calling for the transformation of discriminatory conditions that result from the legitimization and distribution of knowledge by the dominant culture are entered under Critical pedagogy.

Here are entered collections of compositions for three instruments belonging to various families and in various combinations. Collections of compositions not in a specific form or of a specific type for a single combination of three instruments, and individual works, are entered under this heading followed by a parenthetical qualifier with the names of the instruments or the term "unspecified instrument(s)."

Compositions not in a specific form or of a specific type for three bowed stringed instruments are entered under String trios; for three wind instruments under Wind trios; for three brass instruments under Brass trios; for three woodwind instruments under Woodwind trios; and for three plucked stringed instruments under Plucked instrument trios.

Compositions for piano, violin and cello are entered under Piano trios.

Compositions for three percussionists are entered under Percussion ensembles.

Compositions for three solo voices are entered under Sacred vocal trios or Vocal trios.
